FEAST OF ALL SOULS - 2008

Today, we remember in a special way all those who have gone before us in Life's pilgrimage and remember in prayer those whose presence in our lives have made us the religious people we are today.

In a very special way, remembering those who have given us the faith and the example of how life is to be lived, we recall our own charge to return the favor.

Our lives are to touch the hearts and lives of others by the different way we live life

Our personal faith journey is something we have continuously to monitor so that we recall our part in God's saving plan for all people.

If my life can speak to others of God's love for all people, I have accomplished the task for which I have been commissioned to do in life.
